Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Tuesday 06 Apr 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cloudier, slightly less cold on Wednesday.

This Evening and Tonight:
Another cold night with a widespread sharp frost developing early. Any showers will die away during the evening, followed by lighter winds inland and largely clear skies. Remaining windy and bitterly cold near the coast. Minimum temperature -4 deg C (25 deg F).

Wednesday:
After a bright start cloud will increase on Wednesday, though dry through daylight hours. Some rain overnight, perhaps preceded by a bit of snow over high ground. Maximum temperature 6 deg C (43 deg F).

Outlook for Thursday to Saturday:
Windy and dull on Thursday, feeling slightly milder with rain over the hills clearing to sunny but colder conditions on Friday and Saturday, with further wintry showers on Saturday.
